Outdoor Lighting: Planning Issues for Municipalities

The Pennsylvania Outdoor Lighting Council invites you to join us for an informative program on how to recognize good outdoor lighting when you see it *and how to make it happen in your municipality through an effective lighting ordinance*. Over 35 Pennsylvania municipalities have enacted a lighting ordinance based on the POLC model. This free program will be held for municipalities in Lebanon, Dauphin and surrounding counties from 7:00 PM to 8:30 PM on Wednesday, March 31, 2010. Refreshments will be served.

Location:	Hummelstown, Dauphin County
Date:	Wednesday, March 31, 2010
Place:	Lower Dauphin Middle School
Address:	251 Quarry Rd. Hummelstown, PA 17036

This free program on outdoor lighting will help you:

- Understand the concepts and benefits derived from good outdoor lighting practices.
- Appreciate the relationship between good lighting and sound energy management.
- Understand how adverse lighting affects your community.
- Define and identify improper or hazardous lighting.
- Understand some of the simple and often inexpensive remedies available to correct inappropriate lighting.
- Understand the steps required to control lighting in your community.
- Learn how to write, get enacted and implement an effective lighting ordinance.

Who should attend?

- Elected Officials
- Planning Commission Members
- Code Enforcement Officers
- EAC members
- Municipal Engineers & Planners
- Zoning Hearing Board Members
- Township & Borough Managers
- Interested citizens

As we watch our communities evolve, we find an increased need to light the way for our citizens and visitors. The combination of inadequate outdoor lighting codes, weak enforcement and employment of poorly designed and installed lighting results in energy waste, light pollution and glare. Attendees will learn how they can take part in improving the outdoor lighting in their community.

Please confirm your registration by completing the attached registration form and either fax, mail, or e-mail your registration form to Stan Stubbe, POLC, at least 3 days prior to the event.
